A Romance of the Days When the Lord Redeemed the Children of Israel From the Bondage of Egypt

By Elizabeth Miller

Copyright, 1904, by the Bobbs-Merrill Company

Great was his trouble, and how deeply afflicted if it cost but two lives—his enemy's and his own! How much depended upon him! His enthusiasm and zeal put out of his sight all his young reluctance to surrender life and the world. He could have explained truthfully from his own feelings what it is that enables men to suffer an eager martyrdom.

Two Hebrews outside the limits of the camp halted him. "I bring tidings to your captain," he explained. The answer was swept from the speaker's lips and carried astray by the wind, but he caught these words:

"Thou art an Egyptian. Thy kind hath no friendship for Israel."

"I am of Egypt, but I am one with you in faith. Conduct me to the prince, I pray you."

"Take him," said one to the other. "He is but one."

The Hebrew thus addressed motioned Kenkenes to follow him and turned toward the encampment.

They passed through a lane between two tribes. Kenkenes guessed, looking first upon one and then the other, that there were 100,000 in the two.

Strip a city of her plan and shape, her houses, her pleasures and commerce, leave only her people, their smallest possessions and all their fears; beset such a city with an army on three sides, the sea on the fourth and a furious hurricane over all—and in such state and of such appearance were these two tribes.

Kenkenes fortified himself and resisted with all his might the contagious panic that seemed about to attack him. As well as he might he concentrated his mind upon other things. He noted that the shadows were long, like those of afternoon. Turning his head, he saw that the pillar stood behind the en-

campment and that its light was thrown forward and downward, not backward and outward. Very manifestly the benefits of the miracle were only for the believers in Jehovah. The marvel brought into the young man's mind some natural speculation concerning the great miracle worker to whom his guide was leading him. What manner of man was he about to look upon—a sorcerer, a trafficker in horrors, a confounder of men?

Ahead, particularly illumined by the celestial light, was a group of elders—great, grave men, misted in the flying fleeces of their own beards. They bent firmly against the blast, and the broad streaming of their ample drapings added much to the idea of supernatural power and resistance they inspired.

The Hebrew leading Kenkenes slackened his step, as if hesitating to approach so venerable a council, when suddenly the group separated, revealing a majestic man about whom it had been clustered.

After a word in his own tongue, delivered with bent head and deferential attitude, the Hebrew stood aside. Kenkenes prepared to meet a prince of Egypt, whatever the personality of the Israelite. He dropped on one knee, bent his head and extended his hand with the palm toward Moses. The great man took the fingers and bade the young Egyptian arise. Forty years a courtier, forty years a shepherd, but the graces of the one had not been forgotten in the simplicities of the other. When Kenkenes gained his feet, lo, he faced the wondrous stranger he had seen in the tomb of the incomparable Pharaoh!

At a sign from Moses, Kenkenes came near to him, that the howl of the tempest and the turmoil of Israel might not drown their voices.

"Thou art weary, my son," the Israelite said, glancing at the tired face

and dusty raiment. "Hast thou come from afar?"

"From Goshen to Tanis and hither, O prince."

"Afoot?"

"Even so."

"Thou hast journeyed farther than Israel, and Israel is most weary. I trust thy journey is done."

And this was the confounder of Egypt, the vicar of God—this kindly noble!

"Not yet, O prince, but its dearest mission endeth here. I come of the blood of the oppressors, but I am full of pity for thy people's wrongs. Knowest thou that the Egyptians pursue thee? Is thy hand made strong with resource? Hath the Lord God prepared thee against them?"

"From whom art thou sent?" the Israelite asked pointedly.

"I am come of mine own accord."

"Wherefore?"

"Because I am one with Israel in faith."

The great lawgiver surveyed him in silence for a moment, but the penetrating brilliance in his eyes softened.

"Wast thou taught?" he asked at last.

"In casting away the idols, nay; in finding the true God I was."

In the pause that followed Israel lifted up his voice, and to Kenkenes it seemed that the people besought their great captain urgently and chidingly. The lawgiver listened for a little space. His gaze was absent, the lines of his face were sad. Something in his attitude seemed to say: "What profiteth all thy care, O Lord? Behold thy chosen—these men of little faith!"

Then, as if some thought of the young proselyte, the Egyptian, arose in contrast, his eyes came back to Kenkenes again.

"Thou hast filled me with gladness, my son," he said simply.

Kenkenes bowed his head and made no answer. Presently the Israelite spoke to the panic-stricken people nearest to him. In the tone and the words he used there was a world of paternal kindness, a composite of confidence, reassurance and implied protection that should have soothed.

"Fear ye not. Stand still and see the salvation of the Lord, for the Egyptians ye have seen this day ye shall see again no more forever."

At the words Kenkenes lifted his head quickly. The Hebrew had answered his question, but how enigmatically! Was Israel to escape, or Har-hat to be destroyed? In either case the young man wondered concerning himself. Again the eyes of the lawgiver returned to him, as if the sight of the young Egyptian was grateful to him.

"Abide with us," he said. "Saith not thy faith, 'Fear not, the Lord shall fight for thee?'"

Kenkenes' face wore a startled expression. How had the Israelite divined his purpose? "Saith not thy faith?" Faith? He confessed faith, but faith had not spoken that thing to him. Slowly and little by little it began to manifest itself to him that he had wavered in his trust; that the purpose of his visit to Israel had questioned the fidelity of his God's care; that so surely had he doubted he had defied danger and fought with death to ask after the intent of the Lord; that he had meant to perform the duty which the Lord had left undone. The realization came with a rush of shame. In the asking he had betrayed his wavering, and Moses had tactfully told him of it. A surge of color swept over his face.

"Thou hast recalled my trust to me, my prince," he said in a lowered tone. "Till now I knew not that it had failed me. But remember thou it was my love for Israel—oh, and my love for mine own—that made me fear. Forgive me, I pray thee."

The lawgiver laid his hand on the young man's shoulder, but did not answer at once. The growing clamor about them had reached the acme of insistence. The nearest people pressed through the trial lines and, rushing forward, began to throw themselves on their knees, tumbling in circles about the majestic Hebrew. Others kept their feet and, with arms and clenched hands above their heads, shouted vehemently. Their cries were partly in Egyptian, partly in their own tongue, but the cause of their terror and the burden of their supplications were the same. The Egyptians were upon them! Even the dumb beasts were swept into the panic, and the illuminated beach shook with sound.

After a little sad contemplation of the clamoring horde about him the lawgiver drew nearer to Kenkenes and said in his ear, because the tumult drowned his voice:

"The Lord will fight for thee; thine enemy cannot flee his strong hand. Wait upon him and behold his triumph."

Kenkenes bowed his head in acquiescence.

Body Found.

Philadelphia, Oct. 4.—The body of Peter H. Thompson, the wealthy New Yorker, who has been missing from the private sanitarium of Dr. P. P. Roberts at Llanarch, was found in a clump of bushes in a strip of woodland just back of Haverford, near here. In his right temple was a bullet hole and beside him was a revolver with one chamber emptied.

Unsettled Questions Jurisdiction.

New York, Oct. 4.—Samuel Untermyer, counsel for James H. Hyde, has given out for publication a letter addressed by him to Charles E. Hughes of the insurance investigating committee, in which he says that he has advised Mr. Hyde that in his opinion the committee is without power or jurisdiction to make the investigation in which it is engaged.

Former American Minister to Venezuela Quotes From Letters of the Late Mr. Hay.

An Unhappy Controversy Has Now Apparently Reached the Purely Personal Point.

New York, Oct. 4.—Herbert W. Bowen, former American minister to Venezuela, last night issued the following statement:

"Woodstock, Conn., Oct. 3.—In answer to the letters that were exchanged recently by President Roosevelt and Mr. Loomis in regard to Mr. Hay and published in yesterday's papers, I have to say only this: After I had sent to Washington all of the documents which I found in the legation at Caracas relating to Mr. Loomis, I received a letter from Mr. Hay stating: 'I have been greatly surprised and pained in reading the documents you sent me.' The following month he wrote to me a letter containing these friendly words: 'I have always taken your part, not only from personal liking, but from a conviction of your merits, your ability, your courage and your integrity.'"

"From a high official of the department of state I received a letter written this last April, stating: 'Secretary Hay remains your staunch friend.' From the same high official I have in my possession a letter dated July 6, 1905 (eighteen days after I was dismissed from the diplomatic service by President Roosevelt), stating: 'I had a few words with Mr. Hay the day before he left Washington for New Hampshire, and he spoke of Mr. Bowen in the same kindly and affectionate manner he always did.'"

"Everyone who knew Mr. Hay knows that he could not possibly have been a friend to a man like Mr. Loomis and that no power on earth could have induced him to denounce as a traitor an American official who refused to shield corruption."

"In conclusion—in order to show President Roosevelt's attitude toward Mr. Loomis—I will simply quote my last remark to him and his to me in the presence of witnesses the day he dismissed me: 'Mr. President, you will remember that after I sent to you all the information I had about Mr. Loomis, you offered me a promotion that was intended to lead to an ambassadorship.'"

"Well," he answered, 'I would have done a great deal to hush up the scandal.'"

HERBERT W. BOWEN.

On Monday at Washington correspondence between President Roosevelt and Assistant Secretary of State Loomis was made public in which the president said that Secretary Hay disagreed with him on "even mild censure" of Mr. Loomis in the Taft report on the investigation of the charges brought by Mr. Bowen, and added that Secretary Hay very strongly condemned Mr. Bowen's course. The president quotes Mr. Hay as declaring that most of the charges were really against himself (Hay) and "not against Mr. Loomis at all," and that Mr. Bowen knew that.

Fixing for Castro.

Washington, Oct. 4.—It is understood that an exchange of memoranda on the subject of Venezuelan affairs has already occurred between the state department and the French embassy, covering probably the main points touched on at Monday's conference between Secretary Root and Ambassador Jusserand. With the arrival here from Caracas of Judge Calhoun it is probable a joint conference between the American special commissioner, Secretary Root, and Mr. Jusserand, may be arranged.

Injunction Against Council.

Omaha, Oct. 4.—Judge Sutton in the district court granted a temporary injunction against the Omaha city council, restraining it from entering into a contract with the Omaha Gas company for street lighting. The order was made on the petition of certain citizens who allege that the contract, besides being exorbitant, is in violation of law. It was under the terms of a similar order that five members of the council were recently sentenced to a term in jail for contempt.

Passed Off Quietly.

Budapest, Hungary, Oct. 4.—The plenary conference of all the opposition parties, or the national assembly as the coalitionists called it, passed off without any of the turbulence anticipated. As the Liberal deputies did not attend the conference, nothing has been gained by the coalitionist cause.

Trouble Continues.

Buenos Aires, Oct. 4.—Fresh disturbances between the Germans and the Zechs broke out here last evening. Gendarmes fired on the crowd, wounding one person, whereupon the mob wrecked a number of shops. Infantry and cavalry finally cleared the streets.

Mr. Ramsey Resents Directory's Hint to Abdicate.

New York, Oct. 4.—At a meeting of the directors of the Wabash railroad a resolution was passed granting President Joseph Ramsey, Jr., an indefinite extension of his leave of absence. Mr. Ramsey attended the meeting and formally protested against what he considered an effort on the part of the board to remove him as president.

JOSEPH RAMSEY, JR.

Suit for injunction has been filed in the St. Louis circuit court by Jos. Ramsey, Jr., president of the Wabash, against the Iron Mountain and Wabash railway companies, the Mercantile Trust company of New York, Walter Wilson, H. M. Walker and George J. Gould. In his petition Mr. Ramsey asks the court to grant him an injunction preventing the proposed annual meeting of George Gould and his associates at Toledo, Ohio, where it is proposed to elect a board of directors and a president to control the Wabash road for the next year.

DETAILS OF HOLD-UP

Two Boys Were Mixed Up in Bold Exploit Near Seattle.

Seattle, Wash., Oct. 4.—Details of the hold-up of the Great Northern overland train about five miles from Ballard show that three men did the work. Two boys who got on the blind baggage here, as soon as the hold-up began, entered the passenger coaches and began holding up the passengers. They were captured. They say two of the men were on the blind baggage when they got on and the third one got on at Ballard. Charles Anderson, express messenger, was slightly injured. The three men emptied the safe and started off in an easterly direction.

The train was flagged near the brickyard, and as the engineer slowed up two men climbed over the tender and pointed revolvers at his head. When the train stopped the engineer was ordered to pull ahead, which he did, for several hundred yards, when he was again commanded to stop. The two robbers then jumped off, making the engineer and fireman do the same, and all marched to the baggage car door.

The messenger refused to open the door and a charge of dynamite was placed against it and exploded. The first explosion tore the car almost to pieces. The safe was then dynamited. The two boys say they never met the holdups until they got on the train, and are in no way connected with their work. The idea to hold up the passengers occurred to them after the explosion.

Gomez Wants a Rest.

New York, Oct. 4.—General Jose Miguel Gomez, the governor of Santa Clara province, Cuba, who recently resigned as the Liberal candidate for the presidency of Cuba in opposition to President Palma, has arrived here and will remain in this country about two weeks for rest. When informed of the report that he came on a mission to ask American intervention in Cuban politics, he replied with an emphatic "No."

Killed Self and Son.

St. Louis, Oct. 4.—Herbert McCartney, forty years old, committed suicide by taking poison, after administering a fatal dose of the drug to his seven-year-old son Lon. Despondence over being separated from his wife is the only reason given.

CHANGES NEEDED

Cabinet Agrees That Chinese Exclusion Regulations Are Too Severe.

AMENDMENT REQUIRED

President's Effort to Allay the Indignation of Chinese Has in a Measure Failed of Its Purpose.

Secretary Taft Gives His Conference Same Information Based Upon Recent Observations.

Washington, Oct. 4.—The most interesting subjects discussed at the cabinet meeting yesterday were, first, the Chinese boycott against American goods, and second, the consideration of complaints made by the Chinese against the method of execution of the existing Chinese exclusion laws.

The important fact developed was that the president's effort last summer to allay the indignation of the Chinese by a circular of instructions to the American minister to China and consular officers therein, had in a measure failed of its purpose and require considerable amendment to secure the object sought. Minister Rockhill himself reported that it had not been found possible to carry out the instructions contained in the circular without doing great injustice to worthy Chinese and imposing burdens too heavy to be borne upon the American consuls.

Secretary Taft took a prominent part in the discussion of this matter when it was broached by Secretary Root, and presented some of the results of his observations on his recent trip. It developed that the requirement that American consuls identify the Chinese seeking certificates admitting them to American ports imposed a task upon these officials beyond their ability. The Chinese applicant frequently came from some place far distant from the American consulate and the consuls were consequently obliged to refuse to identify as proper persons to be admitted to the United States many very worthy Chinese, which of course led to bitter complaint and fostered the boycott feeling. Then a Chinese merchant, who desired to send his son as a shop assistant to his branch store in the United States with a view to ultimately admitting the son to partnership, found that the boy was barred on the charge that he was a coolie. These were only a few of the complaints made against the administration of the existing exclusion law. The trend of the opinion in the cabinet meeting was that these complaints, after all, were directed rather against the construction placed upon the law than against the act itself, and especially against the definition given in California to the term coolie, so it was practically decided that some important changes in the present regulations must be made. This session was the first regular meeting of the cabinet held for some months, and it was one of the longest held during the administration of President Roosevelt. It was attended by all of the members of the cabinet except Secretary Shaw, who is absent from the city, and Secretary McCall, who is ill.

An Interesting Rumor.

Springfield, Ill., Oct. 4.—A decision to order a reduction of freight rates on Illinois railroads is reported to have been reached by the state railroad warehouse commission. The reduction, it is said, will range from 18 to 20 per cent from existing rates. This reduction, if it goes into effect, will result in a saving of at least \$8,000,000 annually to Illinois shippers, and a corresponding loss in the revenue of the railroads. If the order is made it will mark the end of one of the longest and hardest battles for freight reduction ever fought in Illinois. In the three years that the case has hung fire before the commission it has been productive of considerable political scandal.

A Question of Fact.

Albany, N. Y., Oct. 4.—Attorney General Mayer has received a copy of a demurrer filed by James H. Hyde, former vice president of the Equitable Life Assurance Society, to the blanket suit brought by the state against the old directors of the company to compel restitution of moneys alleged to have been wrongfully converted by the board. Mr. Hyde declares that scarcely any of the allegations contained in the complaint state facts sufficient to constitute a cause of action.

Fort Scott, Kan., Oct. 4.—Mrs. Belle Riggins and her daughter, Miss Clara Shaw, are in jail here charged with murder in the first degree, due to the death of Mrs. Riggins's seven-year-old stepson. For several weeks, it is charged, Mrs. Riggins and Miss Shaw have been starving, whipping and otherwise abusing Mrs. Riggins's two stepchildren, a boy and a girl, aged seven and thirteen years respectively. The boy died yesterday and the girl is in a precarious condition. Testimony was brought out at the coroner's hearing that the children had eaten from swill barrels in alleys and had been horribly whipped.

Bank Makes Settlement.

Milroy, Ind., Oct. 4.—The depositors and creditors of the Old Home bank in this city are being paid the last disbursement of 25 per cent by Cassius M. King, trustee. The Home bank closed its doors June 17, 1904, because of a run that was started after F. D. Gillman, owner of the Goodland bank, ran away and left the affairs of that depository in bad shape. George W. Allison, owner of the Home bank, was at that time associated with Mr. Gillman, and this fact caused the scare. A state bank has since been organized by Mr. Allison, who surrendered his personal property to pay creditors of the Home bank.

Story of "Hero" a Myth.

Princeton, Ind., Oct. 4.—Hoping to receive a reward from the railroad company, William H. Brooks, claiming to have been a Christian minister at Centerton, Ind., placed cross ties on the Evansville & Terre Haute railroad track three miles north of here, ran to Princeton and notified the officials to allow no trains to pass the point. Section men sent there found the ties as said. Brooks claimed he was made to place the ties there at the point of a pistol by two strangers, but officers disproved his story. He was locked up.

Hammond, Ind., Oct. 4.—Frank Grimmer, aged thirty-five, of Miller Station, and L. V. Nicholson, aged forty, of Lake Station, were blown to atoms by an explosion that occurred at the Aetna Powder and Nitroglycerine works, a few miles east of this city.

"WHIZ!! WALK A MILE"

Is a laconic definition of a toboggan ride. It's quick work going down the slide, but it's a long climb back to the starting point. It is very much that way with health; it is quickly lost and slowly regained.

When the first symptoms of failing health appear, proper care may prevent the descent to utter weakness and debility. Usually the complication of disorders known as general debility has its origin in a diseased condition of the stomach and other organs of digestion and nutrition. These diseases are perfectly cured by the use of Dr. Pierce's Golden Medical Discovery. It cures through the stomach disorders which have their origin in a diseased condition of the stomach.

There is no alcohol in the "Discovery," neither opium, cocaine nor other narcotic.

"I was all run down; had no strength; had sharp darting pains all through my head and back every day," writes Mrs. Frank Caswell, of Salamanca, N. Y. "I was also troubled with a distressed feeling in the stomach and pain in front of the hip bones. I had a severe cough, and it nearly killed me to draw a long breath. I was so sore through my lungs."

"I wrote to Dr. Pierce, telling my symptoms as near as I could. He sent me a very kind letter, advising me to try his medicine, which I did, and before I had taken two weeks I was decidedly better. I took two bottles of the 'Golden Medical Discovery' and two of the 'Pleasant Pellets,' and am now a never-failing better in my life than when I quit taking them."

Dr. Pierce's Pleasant Pellets are a cure for biliousness.

Extension of Irwin Line Almost Assured.

Commenting on the visit of W. G. Irwin to Seymour Thursday the Columbus Times concludes its statement as follows:

"After the return trip to this city Manager Irwin and Superintendent Saylor went to Indianapolis. Mr. Irwin stated on his return home near midnight that Engineer Joell would begin work probably Thursday on the preliminary survey, but that he did not know which route would be run first, the east or west side. He said he was not positive whether they would build the line or not, but thought they would, and that if they so decided they would build it at once.

"Joseph I. Irwin stated that he thought they would build the extension of their line to Seymour, and that at once.

"So, while these statements are not absolutely positive, or final, it is reasonably certain that the Irwins will extend the line to Seymour, and that at once.

"This, then, almost insures the extension of this line, or the building of others, to Louisville, and to French Lick and West Baden."

THE republican primary election will be held tomorrow afternoon. Polls open from 1 p. m. to 8 p. m. All republican should get out to help make the ticket.

THAT young man in New York who got away temporarily with over \$300,000 in securities on a wager to show how easy it is to rob a bank, is now wishing he had not tried the experiment. He has found out how easy it is for a thief to be caught. He now awaits a trip to Sing Sing.

AT the primary election tomorrow the republicans of this city will nominate a complete city ticket. If you have any doubts about how to mark your ballot ask for information. The new feature of the new law is the provision for two councilmen-at-large. Each voter has the right to vote for two of the candidates for councilman-at-large.

Double Surprise.

Tuesday was the birthday of G. C. Borchering and at his home last evening he was given a double surprise. His wife had arranged a surprise party, consisting of a few neighbors and relatives. This party arrived and all were surprised to see another party gathering, made up of all the relatives and a large number from town. After all had arrived at the farm they proceeded to the house and surprised Mr. Borchering alone but his wife also, who was entirely unexpected of the second large gathering. However seats were arranged for all and it just proved another case of the more the merrier. Both parties brought a large supply of ice cream and cake, candies and fruit and plates were laid for ninety-five persons, besides these there being a number of children. Mr. Borchering was the recipient of a number of presents and will with all of his guests remember the occasion as one most pleasant and enjoyable.

Shadowed Thompson.

Late Monday afternoon two well-dressed men were arrested at Terre Haute by Detectives McCulloch and Armstrong on the complaint of J. W. Thompson, ex General Manager of the Southern Indiana railroad, who complained that they had been "shadowing" him for about a week past. The men were taken to police headquarters where they admitted they had been shadowing Thompson. They promised to leave for Chicago if released. It is suspected that they are detectives and were employed by some one to shadow Thompson. This has revived the gossip about Thompson's retirement from the Southern Indiana.

MALARIA

UNDERMINES THE HEALTH

When the germs of malaria enter the blood the entire health is affected, and if the blood is not purified of these germs and microbes, Chronic Sores and Ulcers, Liver Spots, Chills and Fever, Boils, Aches and Pains, and a great variety of troubles manifest themselves, and soon the entire system is undermined, leaving the sufferer a prey to a most miserable, weak and nervous condition.

913 W. Market St., Louisville, Ky.
For several years I suffered with Chills and Fever, caused by Malaria in my system, and each summer for several years I would have a relapse. Finally my physician prescribed S. S. S. I took a few bottles; this was about six years ago. It entirely cured me, and I have never been troubled since. I am sure no other medicine could have given me so complete and immediate relief, and I cannot speak too highly of S. S. S. My partner in business is now taking S. S. S. for an eruption of the skin, and a general run-down condition of the system, although he has taken but one bottle, already commences to feel better. I. SHAPOFF.

S. S. S. counteracts and drives all the poison from the blood and builds up the system by its fine purifying qualities and tonic effects. It strengthens every part, increases the appetite, helps the stomach and digestion, and by supplying the body with rich, pure blood, cures Malaria and all its disagreeable ailments. Unlike most blood medicines S. S. S. is purely vegetable. It does not contain a particle of mineral or any kind to disagreeably affect the stomach, digestion and bowels, but by cleansing and strengthening the blood, puts every part of the body in healthy condition. Book on the blood and any medical advice desired without charge.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

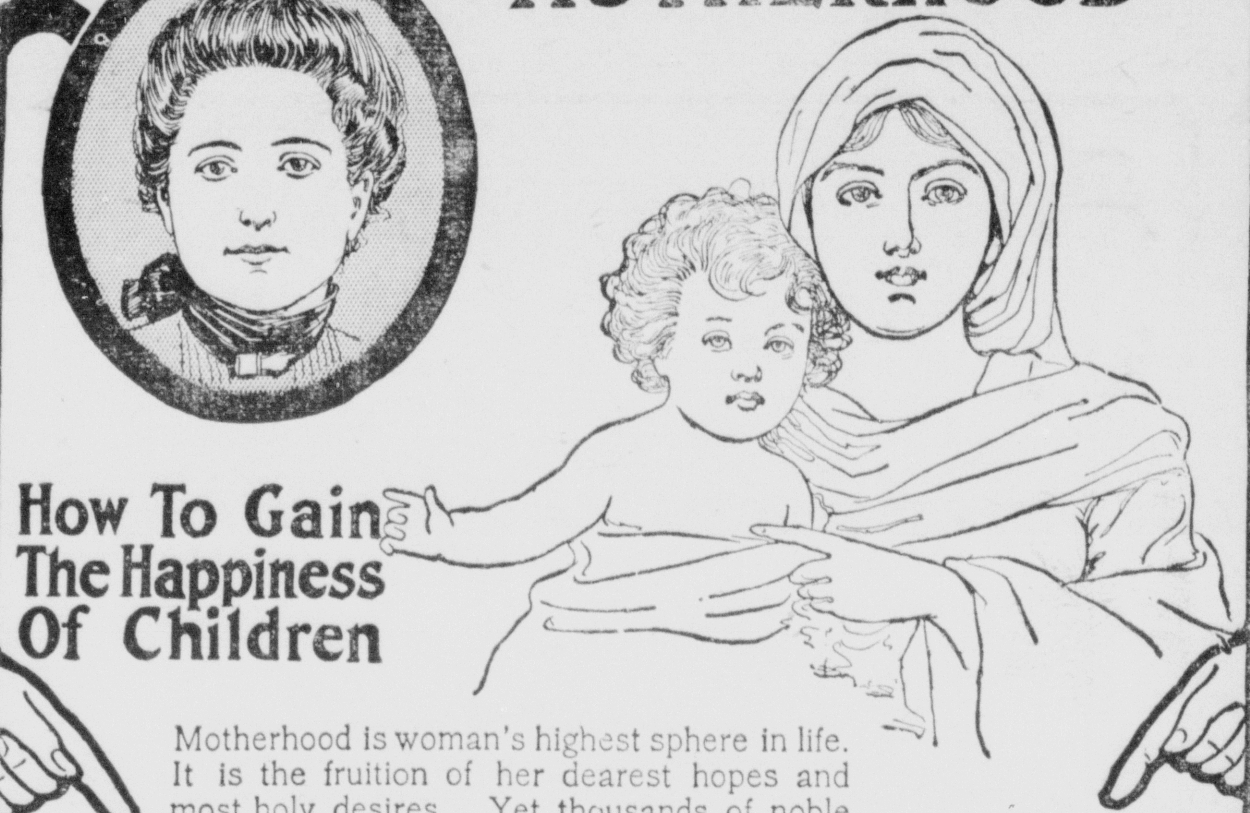

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle free of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

MOTHERHOOD

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and most holy desires. Yet thousands of noble women, through the derangement of the female generative organs brought on by female weakness and disease, are unable to produce children!

Ninety-nine times out of every one hundred Lydia E. Pinkham's Vegetable Compound will so restore and strengthen the female organism as to make child bearing possible, easy, and safe.

Lydia E. Pinkham's Vegetable Compound

with its record of thousands of cures, is the remedy for women. Thousands of women are happy mothers of beautiful children to-day because in time of need they took Lydia E. Pinkham's Vegetable Compound. No matter what your female weakness or disease, it will afford you speedy relief and cure. Every woman who desires to become a mother should read these letters:

Dear Mrs. Pinkham:—I had been married seven years and had no children, owing to a female weakness and womb trouble, which caused me severe suffering each month. A lady advised me to try Lydia E. Pinkham's Vegetable Compound, and I did so, and now I have no more pains and am perfectly well, besides having a fine baby boy. MRS. ROSA F. KAREL, Ravenna, Neb.

Another happy and grateful mother writes to Mrs. Pinkham as follows:

Dear Mrs. Pinkham:—I was very anxious for a child, but could not carry one to maturity. My husband advised me to take Lydia E. Pinkham's Vegetable Compound. I did so, and soon began to feel better in every way. I continued its use and was enabled to carry my next child to maturity. I now have a nice baby girl, and I feel like a new woman. MRS. FRANK BLYER, 22 S. Second St., Meriden, Conn.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham at Lynn, Mass., whose advice is given free to all would-be and expectant mothers. Her letter will give you valuable information.

Cheated Death

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, I find they have no equal." W. F. Peter Drug Co. guarantee them at 50c.

CONVICTED

Taylor McLaughlin Found Guilty By Jury.

Taylor McLaughlin was tried Tuesday in circuit court by a jury and found guilty of grand larceny. The jury was out only long enough to take one ballot.

McLaughlin is the man who hired a horse of J. B. Love in August to drive to the country and went to Indianapolis where he offered the horse and buggy for sale. The police had been notified to be on the watch for the rig and on the same day they received the notice they had the rig in custody and notified Mr. Love who went to Indianapolis and identified his property. A few days later McLaughlin was located arrested and brought to this county for trial.

At the trial some of McLaughlin's Indianapolis friends endeavored to prove an alibi but the jury was not greatly impressed with this testimony. Prosecutor Murphy and W. H. Endebrook represented the state and D. A. Kockenour appeared for the defense.

Makes Unwise Choice.

Though Presiding Elder Hyde was here last Friday looking for a house in which to move and interested friends were assisting him, word now comes that he has found a house at Columbus that he can get at once and will move there. To be sure empty houses are scarce in Seymour while Columbus always has plenty of them, yet arrangements were being made whereby Dr. Hyde and family within a short time could have secured a desirable house. Seymour being the head of the district over which Dr. Hyde presides and having by all odds the best railroad facilities this is the proper place for him to reside, and it is the opinion of most Methodists over the district outside of Columbus that Dr. Hyde has made a mistake. And besides when a man has an opportunity to live in a good town such as Seymour is why stop in a slow going interurban suburb like Columbus.

Superb Exhibit of Millinery

TUESDAY, OCTOBER 3--ALL WEEK

Hundreds of women found it a great pleasure in attending our initial display of fall millinery.

Not merely was it a pleasure but it was a duty to one's good appearance.

Some came to buy; others the desire to see what was newest, most stylish and best of the fall millinery ideas—still many of the latter did buy.

If you didn't come—now is not too late, come.

Come with expectancy of being delighted, charmed, and you will not be disappointed but surprised instead, for our designers have scored a triumph in numerous fashionable creations, such as this city never knew.

Scores of beautiful shapes, a dozen or so, that will prettily become every face. At some shops you have perhaps found it trouble, some to obtain a really becoming hat, no such trouble as that here—

They're Digging Coal Now

Both the hard and soft coal miners are working every day at present. But the country is threatened with one of the greatest strikes of miners in its history. Dispatches from the coal fields indicate that a fight between owners and operators of mines, similar to the strike of 1902 is certain to occur.

In such an event coal will be worth nearly its weight in gold before the fight is ended. In fact, it will be impossible to obtain coal.

In spite of the gloomy outlook for the future we are still prepared to furnish everyone in Seymour with enough Raymond City soft coal to last them until next spring for only \$3.50 per ton. This offer expires soon. Unless you want to be caught without a supply of coal in the spring and no chance of getting any, give us your orders at once.

POLITICAL GOSSIP

Many Aspiring Republicans Gathered at Indianapolis This Week.

Indianapolis, Oct. 4.—The annual meeting of the Knights of Pythias has brought to town a number of prominent politicians. J. M. Monahan of Orleans, and Oscar Hadley of Danville, rival candidates for the Republican nomination for treasurer of state, are among the number. The boom of Union Banner Hunt for the nomination for governor in 1908 also received considerable impetus, as he has a world of friends in the order. Chairman James P. Goodrich of the state committee was here during the day. He is as quiet as ever, but he has a very large following that is insisting that he ought to be re-elected. The fact that he is not doing a lot of talking has given the supporters of G. A. H. Shideler, the avowed candidate for chairman, opportunity to say that Goodrich is not in the running. However, Goodrich is known as a silent man, and the fact that he is not talking is no sign that he is not busy.

James Bingham of Muncie will have opposition for the Republican nomination for attorney general next year, as Griffith Dean of Marion, who was here this morning. Informed your correspondent that he will make the race. Dean and Bingham were candidates three years ago when Charles W. Miller was nominated. There has been a lot of talk to the effect that Bingham might receive the plum without nomination, but Dean expects to be right up and after him from now on. The Eleventh district, from which he hails, has not been fortunate in getting places on the state ticket, but Dean is hopeful that it will break the hoodoo next year.

J. N. Crabb of this city is promoting a company to build what he will call the "Electric Cycle Line," or the "Ring Railroad," which will be a novelty in the way of an interurban road, as he proposes to build it through seven county seats of counties adjoining Marion county. That would mean a line connecting Martinsville, Danville, Lebanon, Franklin, Greenville, Shelbyville and Noblesville. It would intersect about thirty steam and traction lines entering Indianapolis, and Crabb believes it would be a paying venture.

Auditor of State Warren Bigler said today that he has completed examination of the books in the banking department of the office and has found them correct to a dot. He has also found that every item in the insurance department is correct, and he expressed the opinion today that no discrepancies will be found in the work performed by Mr. Sherrick's deputies.

Climatic Cures

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. W. F. Peter Drug Co.

SOLDIERS JEERED

Texas Community Does Not Take Kindly to Governor's Action.

Edna, Tex., Oct. 4.—There is little new in the situation regarding the chase after the negro Monk Gibson, charged with the murder of five of the Condit family. There are still 700 men in the bottoms, who have been searching for miles with no trace of the negro that has led anywhere.

Four companies of militia are encamped here and they are being jeered by many of the younger element while the older heads content themselves with criticisms of the governor and facetious remarks about "tin soldiers."

Adjutant General Hulen is in command and has had a number of conferences with authorities, but there are no developments as a result thereof. If the officers had the negro they would certainly have turned him over to this formidable array of militia.

There are now many who believe that the negro must have gotten away or died. The negro got away Friday night after having been given a severe thrashing, enough to have materially weakened a much stronger man. During the time since then he could have had little sleep if he were in the bottoms, even though other negroes fed him, and none have been found who would admit that they had done so. There is nothing in the bottoms that could sustain life for any length of time. Every county in this section of the state is now represented among the searchers and every nook and corner of the county has been gone over.

Frightful Suffering Relieved

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties 25c at W. F. Peter Drug Co.

Shot Full of Holes.

"I am 65 years old, and have been a great sufferer from headache all my life. One of Dr. Miles' circulars was left at my door, and what it contained about headache interested me, so that I determined to invest a dollar in their make of shot, and go gunning for that headache. The first charge brought it down, but I continued to shoot until the thing was shot so full of holes that I believe it will never come to life again. I consider it the work of a 'good Samaritan,' to spread the knowledge of what Dr. Miles' Anti-Pain Pills will do." I. F. MOORE, 1352 Fairfax Ave., Bridgeport, Conn.

Headache, Neuralgia, Sciatica, Backache, Stomachache, Bearing Down Pains, Rheumatic Pain, or Pain from any cause yields readily to the soothing influence of Dr. Miles' Anti-Pain Pills upon the nerves, the irritated condition of which causes the pain. Harmless if taken as directed, and leave no disagreeable after-effects.

HOPE IS RENEWED

The Yellow Fever Situation Thought to Be Under Control.

New Orleans, Oct. 4.—Having gone almost to the Texas state line, Surgeon White of the marine hospital service has returned generally pleased with the results of his trip and expressing the opinion that quarantine over a large portion of the state would be materially modified by the middle of the present month, with the likelihood that practically all of them will be lifted by the first of November. By Nov. 1 Dr. White expects that there will be frost over a large portion of the state, and as secondary infection cannot appear inside of two weeks, there is no reason why bars to personal communication should not be removed fifteen days before frost.

Yellow fever report until 6 p. m., Tuesday: New cases, 30; total cases, 3,072; deaths, 2; total, 3,066; new foci, 5; under treatment, 219; discharged, 2,466.

HERE'S WHAT'S WANTED

A Citizen of Seymour Supplies The Information.

Over half the complaints of mankind originate with the kidneys.

A slight touch of backache at first. Twinges and shooting pains in the loins follow.

They must be checked, they lead to graver complications.

The sufferer seeks relief.

Plasters are tried, and liniments for the back.

So called kidney cures which do not cure.

The long-looked-for result seems unattainable.

If you suffer, do you want relief?

Follow the plan adopted by this Seymour citizen.

Harrison Dowell of 120 Jeffersonville Ave., gate keeper for P. R. R. says: "I did not use many Doan's Kidney Pills myself but they proved very efficacious. My wife and I procured them at C. W. Milhous' drug store and in addition to our experience which warrants us in recommending them I know of acquaintances who have used them with the best results. We always keep them in the house for they proved a reliable remedy for the back, bladder, or kidneys."

For sale by all dealers. Price 50 cents. Foster—Milburn Co., Buffalo, New York sole agents for the United States.

Remember the name—Doan's—and take no other.

PYTHIANS PROSPER

Reports to Grand Lodge Show Growing Importance of the Order.

GAIN IN MEMBERSHIP

Grand Lodge of Indiana Is Now Supposed to Be the Wealthiest Domain in Pythianism.

Great Prosperity Enjoyed by the Order in This State During the Past Year.

Indianapolis, Oct. 4.—The annual meeting of the grand lodge of Indiana, Knights of Pythias, is being held here with an attendance of several hundred delegates. The report of George W. Powell of this city, grand chancellor, showed the lodge enjoyed great prosperity during the past year, the gain in membership being 2,687. The total membership is now 56,274. The endowment rank has a membership of 3,981. The report of the grand trustees, J. H. Frank, L. A. Barnett and C. L. Bartel showed that the assets of the order in Indiana amount to \$195,862.52. The grand lodge of Indiana is now supposed to be the wealthiest domain in Pythianism.

The following officers were elected: Frank J. Duntun, Lagrange, grand chancellor; J. M. Monahan, Orleans, grand vice chancellor; Frank L. Cass, Muncie, grand prelate; Arthur J. Lowe, Greensburg, grand master-at-arms; Orlin M. Brown, grand inner guard. Harry Wade was re-elected grand keeper of records and seal, and William A. Morris, grand master of exchequer.

Pythians Bar Indians.

Richmond, Ind., Oct. 4.—Charles E. Strively, supreme chancellor of the Knights of Pythias, in an opinion rendered here last night, holds that an Indian is not eligible to membership in the Pythian order.

FATAL FREIGHT WRECK

Engineers Killed When Train Piled Up at Foot of Embankment.

Terre Haute, Ind., Oct. 4.—Second section of Big Four freight No. 96 ran into a derailed car at the crossing of the Southern Indiana Belt line here at 6:50 o'clock last night. The engineer was killed and three men injured. The engine and ten cars were demolished and the track was torn up for a distance of 100 yards.

The dead: R. D. Brown, engineer, Terre Haute, Ind.; Rev. A. W. Luce, Hope, Ind.; seriously: J. S. Shierbaum, fireman, Mattoon, Ill.; scalded, Jesse Sycknell, Carthage, Mo., tramp, slightly.

When the train struck the derailed engine went over the embankment and the cars piled up. Engineer Brown was caught under the wreckage. The Rev. Mr. Luce was moving his goods from Fort Branch, Ind., to Hope, Ind., his new charge. The injured were brought to St. Anthony's hospital, where Fireman Shierbaum died this morning.

Tragedy in Wine Room.

Hammond, Ind., Oct. 4.—After being shot through the lungs, Rudolph Koch, aged thirty-two years, a railroad employe living at Whiting, was kicked out of a wine room over a saloon kept by Thomas Mulcahey. Koch stopped at the place to get a drink and, ascending to the wine room, he encountered women, who taunted him about his aife. Becoming angered at the jeering remarks, Koch slapped one of them, starting a free-for-all fight. He was ordered out by Mulcahey and as he opened the door Mulcahey opened fire. Physicians say that he cannot live. Mulcahey is held without bail and has admitted as to having fired the shot.

Arrests Will Follow.

Kokomo, Ind., Oct. 4.—George Dowell and Charles Grishaw, real estate men, who fought a street duel with pocketknives last night, will both be arrested for assault and battery with intent to kill unless one of the injured men dies, when the charge will be changed to manslaughter. Both are confined to their beds and if blood poisoning does not follow they will recover. The arrests will be made as soon as they are able to appear in court. Grishaw has always been a peaceful citizen, but Dowell has been arrested several times, but got off with light punishment.

Will Abide by the Law.

Wabash, Ind., Oct. 4.—The American Express company, which refused to make delivery of express matter within the city limits as required by the state law, and against which thirty-two cases were begun by the prosecutor, has concluded to abandon the contest and has announced to the local officials that if the cases remaining to be heard were dropped it would make the deliveries in the future as contemplated by statute. On this understanding the cases were dropped.

Died While at Prayer.

Lawrenceburg, Ind., Oct. 4.—While kneeling at her bed in prayer Mrs. Mary A. Day, a widow seventy-four years old, died in Center township.
